### WHAT IS A “MOCK” INTERVIEW?

A mock interview is a practice interview (dress rehearsal) where you may sharpen interview skills. You are asked questions typically asked in an employment, organization or professional school interview. The session may be recorded and emailed to you for further review.

**Submit the following when scheduling:** name, major, classification (year) and employer/organization and job position with whom you will be interviewing.

**\*\* Mock interviews are reserved for those students who know a particular employer/position for which they will be interviewing. InterviewStream (jobs.auburn.edu) should be used for general interview practice. \*\***
